

EFESME Board of Directors and General Assembly

The EFESME Members met in Brussels to discuss on the future of the Federation and how to continue to protect and support the lift SMEs it represents in Europe.

The latest EFESME Board of Directors and General Assembly took place on Tuesday 25 June 2024. During the meetings, **the EFESME Members re-elected Mr. Massimo Bezzi (Italy) as President** of the Federation and **Mr. Damyan Petrov (Bulgaria) as Vice-President**. **Mr. José María Compagni Morales (Spain)** stepped down from his role as Vice-President of the Federation to **become the new Secretary General**.

Mr. Compagni Morales takes over from Mr. Luciano Faletto (Italy), who held this position for years with dedication and commitment.

Wishing Mr. Compagni Morales the best of luck in his new role, **EFESME would like to thank Mr. Faletto for the years he has enthusiastically dedicated to the Federation**, in supporting its projects at both the technical and political levels, and its entire activity to protect European lift SMEs.

The EFESME Members also had the to **discuss with the Federation's technical experts the many activities carried out at European and international level with regard to standardisation**, as well as the various projects and discussion tables in which EFESME is involved **on behalf of European lift SMEs**.

With renewed optimism, **the EFESME Members reaffirmed their confidence in the Federation's activities and projects**, with an ever-increasing focus and involvement of their associates and SMEs so that they can become **more and more leading players in the European lift industry**.
